

GOVERNMENT AWAITS STRIKE TEST

170,000 NON-UNION MINERS ARE AT WORK

YOUR DUTY TO LIMA TOMORROW

(AN EDITORIAL)

THE VOTERS OF LIMA will decide two momentous questions tomorrow at the polls and their decision, once made, can not be revoked, for this is a government of the people, by the people and for the people and Americans believe in settling their arguments at the polls, not with revolutions.

Lima voters tomorrow have three paths, any one of which they may follow:

They may cast their ballots, the majority of them, for Colonel John Harley, a republican, member for many years of the political ring or gang that has ruled the republican party and the city with an iron hand and that has overstepped the bounds of political decency and honor in this campaign. In electing Harley the voters do so with open eyes that they will have two more years of gang rule.

Or they may elect Edwin Blank, an attorney, who is an organizer for the labor unions, although not a worker himself. He is a socialist, which means that he is not a constructionalist, but that he believes, as do all socialists, that the way to build up is to tear everything down, close all the industries, levy tribute and make a mess of things generally. Socialism is not practical nor sensible, and Edwin Blank will not make the kind of mayor Lima must have. His election will set the city back ten years.

The voters, therefore, do not want Bossism or Socialism. They have one course yet remaining and it is the one that most of them will take. They will vote for Frank A. Burkhardt, a clean, right-living citizen, a capable man, who has promised to see that the laws are obeyed and has guaranteed the citizens of the city a square, above-board administration, with no favors to anyone.

Frank Burkhardt needs no introduction to the citizens of Lima. He has not been above getting out and meeting the voters. He has met thousands of them and made a straight-forward canvass, telling these voters what they may expect of him. He has made no promises, he wears no man's collar and he is free of gang-taint.

Republicans have an important duty in this campaign, for two years ago they asked the aid of the democrats in electing Bail

Simpson as against Ed. Blank. The democrats deserted their party for the time being and came to the aid of the republicans, Simpson being elected.

Now the democrats are asking the same thing—they say that "Turn About is Fair Play," but the GANG, as usual, afraid that if it is defeated at the polls some of the LEADERS will not be in line for political appointments that they hope will fall to them, laugh at the democrats and say—"We fooled you two years ago; we are going to RULE OR RUIN."

The republicans, that is the men who actually make up the party, the GANG being but a small portion of the G. O. P., do not take kindly to this and recognize the obligation. Hundreds of them have openly said that they see in this situation just this much—

Next time it may be the republicans who will be the stronger and some menace may arise whereby it will be necessary for a coalition ticket. BUT THE DEMOCRATS DEMAND FAIR PLAY; if the republicans do not MEET THEM HALF WAY, there can be no coalition in the future. THE DEMOCRATS DO NOT WANT IT ALL; they only want FIFTY PER CENT. THE GANG WANTS IT ALL; the republican voters are for a square deal and will "RETURN THE FAVOR" TOMORROW.

There you have the standing of the campaign. Burkhardt will be elected tomorrow; the entire democratic city ticket has a splendid chance of being elected; some candidates stand out a little more than others, for various reasons, as is the case always in any campaign, but the entire ticket is worthy and will receive the solid support of the democrats and many republicans.

LIMA WANTS NO MORE OF BOSSISM; NEITHER DOES IT WANT ANY ED BLANKISM.

The voters of this city, tomorrow, are going to say to Frank Burkhardt—"you have made a clean campaign; you have guaranteed us a square deal; now we are going to elect you; go to it Mr. Burkhardt—sweep out City Hall with that broom of yours and give us just what this big and growing city needs—a mayor who will be mayor, who will work always for the good of Lima."

WILSON'S ARBITRATION OFFER STILL OPEN; WASHINGTON HAS HOPEFUL VIEW OF SITUATION

400 NON-UNION MINES OPERATE IN WEST VIRGINIA

REPORTED GOMPERS HAS PROPOSAL READY

(ASSOCIATED PRESS DISPATCH)
CHARLESTON, W. Va., Nov. 3.—

More than 400 non-union mines were operating in West Virginia today according to advices from the offices of the West Virginia Coal Association and a program for increased production in the working fields was initiated by the operators. These mines have an annual output of 50,000,000 tons, according to officials of the association. No attempt was made to open mines which have been shutdown on account of the strike and which are controlled by the association.

The Kanawha Valley coal region which is organized remained shut down. In respect to opening the mines in this region, T. L. Lewis, secretary of the New River Coal operators said the operators are not going to do anything which will have the slightest tendency "to cause lawlessness."

"The operators are naturally waiting to learn what the government wants done," Mr. Lewis said, and when that is known definite operators will co-operate to the limit of their ability, and will give to such of their employees who desire to return to work an opportunity to do so.

Four mines in the Wheeling district were operating today. Twenty-five members of the state police who arrived in the district last night were on patrol.

Plan to Hold U. S. Control of Sugar Supply

WASHINGTON, Nov. 3.—The bill proposing continuation of federal control over sugar during 1920, was reported today to the senate and placed on the calendar with a view to early action.

In a majority report Senator McNary, republican, Oregon, author of the bill and Chairman of the senate agriculture sub-committee which investigated the sugar shortage declared a "serious situation will ensue" if sugar equalization board's control over sugar prices are discontinued. Minority views, presented by Senator Ransdell, democrat, Louisiana, expressed agreement in the plan to continue the sugar board, with authority for its purchase of Cuban sugar, but opposed giving the board power to buy and sell domestic sugar as an unwarranted interference with natural economic laws and as likely to unduly depress prices of Louisiana and other domestic sugars.

Senator McNary's report suggested that present conditions were largely psychological, due to fears of future shortages.

BRITISH BUY MINES

LONDON, Nov. 3.—A dispatch to the Exchange Telegraph Company from Johannesburg reports the purchase by an Anglo-American company for \$1,000,000 of all Germany's private and state interests in the diamond fields of what was formerly German Southwest Africa.

Some protests are expressed over what is called the "secrecy of the deal" and allegations are made that the purchase was effected through undue influences in political quarters.

JANITOR ATTEMPTS SUICIDE

LANCASTER, Nov. 3.—Hacking his head and face with a hatchet in attempt to commit suicide, James Bloom, 55, school janitor, is in serious condition at the city hospital. Bloom was found by his wife in an outbuilding Sunday evening.

OHIO WEATHER

Cloudy tonight and Tuesday; probably rain; warmer tonight.

NO ATTEMPT TO WORK MINES THRUOUT OHIO

(ASSOCIATED PRESS DISPATCH)
COLUMBUS, O., Nov. 3.—Coal

mines of Ohio employing 40,000 union miners are closed and no attempt will be made to operate them until some agreement is reached and the strikers return to work, according to W. D. McKinney, secretary of the Southern Ohio Coal Exchange, the operators' organization. McKinney said that so far as he knew every mine in Ohio is on strike.

He was of the opinion that an insufficient number of non-union men, with mining experience, could be mustered to have any appreciable effect on the situation.

McKinney predicted that the government would make another attempt to secure an agreement between the contending factions.

Sixty wagon coal miners in the Zanesville district were reported to have reached an agreement on a new wage scale, which gives them a fifty per cent increase in wages. No change in hours was announced. The Zanesville union has wired national headquarters at Indianapolis for authority to return to work, but have received no response and it is considered likely that the mines will remain closed, union officers say.

Headquarters of the Ohio miners' union in Columbus had received no reports from the mining districts today.

Union officials said conditions were unchanged and they had made no moves in furtherance of the strike.

Prohibition Closes Camden Workhouse, Nobody to Work!

CAMDEN, N. J., Nov. 3.—Camden's municipal workhouse was closed Saturday by prohibition.

Known as the paper pickery and famous as an institution for the utilization of human derelicts, the workhouse since 1912 has been operated by habitual drunkards committed there by the police magistrates. West paper gathered by the highway department has been baled by the prisoners and the city has been reaping a yearly profit of \$4,000 over the operating expenses and the cost of boarding the inmates. In addition all the brooms for the street sweeping machines and the hand brooms used by the white wings were made by the prisoners at a nominal cost. Only three workmen have been at the pickery for the last week. Their sentences were up some time ago, but they preferred to remain because they had no other place to go.

"This industry can't operate without help," said Street Commissioner Sayrs today as the last of the baled paper was carted away.

The pickery will be used as a warehouse.

SHORT OF SALT

PARIS, Nov. 3.—Salt has been added to the list of commodities lacking in Paris. For a fortnight it has been possible to obtain salt in many of the Paris shops. Inadequate transportation facilities is declared to be the chief cause.

(ASSOCIATED PRESS DISPATCH)

WASHINGTON, Nov. 3.—Labor officials declined today to discuss reports that Samuel Gompers, president of the American Federation of Labor had suggested a way of settling the coal strike. Mr. Gompers is in New York and in his absence, officials of the federation said there was no one here to speak for him. In some labor circles, however, there was a more hopeful view of the situation.

Reports were awaited by the government from its agents in the coal fields who had been directed to telegraph immediately all facts bearing on the attitude of the striking miners and especially whether they showed a disposition to return to work.

The department of justice was without early advices from district attorneys who had been instructed to watch conditions closely.

At the White House today it was said that President Wilson's offer for arbitration of the strike still was open. Meantime preparations for the setting up of a commission on industrial unrest as recommended by the public group in the recent industrial conference are going forward and the selection of the personnel is expected to be completed by the cabinet tomorrow.

One of the first effects of the coal strike has been the curtailment of passenger trains on some railroads. Director General Hines has given regional directors wide discretion in this matter as they are in a position to survey the coal needs of their respective districts.

TEST COMES MONDAY

CHICAGO, Nov. 3.—Developments today in the strike of more than 125,000 soft coal miners throughout the country were expected to clarify the situation to the extent of determining whether production was to be stopped indefinitely in a large part of the bituminous zone or whether any considerable number of workers were willing to return to work.

No plans have been made for opening any of the mines with imported labor, and old men who returned to work are to be treated as though they had never laid down their tools, according to Thomas T. Brewster, chairman of the coal operators' scale committee. No miner will be discriminated against, he said.

Reports from most of the large mining centers indicated that while a large number of the mines would be in shape for the miners to resume work, the operators did not expect many union men to re-enter the workings today.

This being the first full working day since the strike became effective last Friday night, mine officials planned to check their rolls after the signals for opening the mines had been given, in order to find out the exact number of men who failed to report for duty.

While operators admitted that the figures given out by union leaders as to the number of men on strike, were approximately correct, they pointed out that close to 150,000 non-union men were at work in the Pennsylvania and West Virginia fields, and that nearly 20,000 union miners were working in Kentucky under contracts signed recently.

Union leaders who were temporarily restrained by federal court at Indianapolis last Friday, from further activity in the strike have observed the order but whether plans have been discussed regarding a modification of the strike order was a matter of conjecture today.

Federal troops today were in the mining regions of West Virginia, Tennessee, Wyoming and New Mexico, under orders to preserve the peace in case disorders arise in connection with the strike.

DOCK AND STEEL MEN RETURNING TO THEIR JOBS

(ASSOCIATED PRESS DISPATCH)

NEW YORK, Nov. 3.—The backbone of the longshoremen's strike was believed to have been broken this morning when the full force of men employed on the Chelsea piers between West Fourteenth and West Twenty-third streets returned to work.

The Chelsea district where the piers of the White Star, Red Star and French lines are located, had been regarded by shipping men as the strategic center of the strike.

OPEN AT GIRARD

GIRARD, O., Nov. 3.—Following orders to return to work, given to the men of the Amalgamated Association here personally by National President M. F. Tighe, Saturday night, forty-seven of the eighty-eight puddling furnaces of the A. M. Byers Company went on here this morning for the first time since the strike began September 22.

INCREASE AT YOUNGSTOWN
YOUNGSTOWN, O., Nov. 3.—Mill operations continued to increase here today. The McDonald mills of the Carnegie Steel Company were operated for the first time since the strike began. Another blast furnace went on at the Ohio Works and the ten inch bar mill at the Union mills was started up. With these additions seventy-five per cent of the Carnegie Steel Company's plants in this district are now at work.

Strikers are slowly drifting back to their old jobs. The district is very quiet even the usual number of arrests being lacking.

ARREST MOONSHINERS

HAMILTON, O., Nov. 3.—Two former Kentuckians here today awaited action by federal authorities followed a raid by police on a alleged moonshine whiskey still in a shack on the outskirts of the city. The pair seized were Harrison Wilder and his brother-in-law, Chester Rice, and were "caught in the act," police say. The city ambulance was required to transport the extensive paraphernalia to the police station.

PALMER WARNS DEALERS THAT FEDERAL SCHEDULE OF COAL PRICES STANDS

WASHINGTON, November 3.—

Attorney-General A. Mitchell Palmer has declared that the Government would take action, to protect the interests of the general public during the strike, against coal producers or distributors who combine to enhance the price of coal.

This statement was made in response to a letter from W. A. Marshall, of the Wholesale Coal Trade Association, New York City. President Marshall had written to Attorney-General Palmer in opposition to the Government order placing a maximum price on coal and the establishment of a priority rule for distribution.

Mr. Marshall said the maximum price order would curtail the probability of meeting the high cost caused by the strike and hinder operators in the production of coal.

He said the law of supply and demand would take care of distribution better than any theoretical program and urged that there be no interference by the Government's departments or Railroad Administration. General Palmer replied that he was amazed by the coal men's letter, saying:

"Your proposition in effect amounts to a declaration that coal dealers should be permitted to take advantage of these abnormal conditions and have their prices based entirely upon the law of supply and demand, which is only another way of saying that the should be permitted to charge the public whatever they please."

Attorney-General Palmer's reply to President Marshall follows:

"I am in receipt of your letter of October 31, 1918, and am amazed at its contents.

"While of course, proper protection will be given to all miners who are willing to continue at work, it must be perfectly plain to you that under such conditions the supply of coal must be far from normal.

demand, which is only another way of saying that they should be permitted to charge the public whatever they please.

"The demand for fuel will be increased constantly, and with the supply decreasing, unless there is Government regulation, prices charged to the public will be outrageous and the profits accruing to dealers out of the question.

"You should be as willing as other citizens to co-operate in the public welfare in this emergency.

Anti-Strike Move Cited

"The action of the Government in restraining the officers of the Mine Workers' Union from furthering the strike order already issued, was taken solely in the general public interest, and I shall not permit it to be used directly or indirectly for the benefit of the employers' side of the controversy.

"If such an advantage be taken of present conditions by any arrangement or agreement of two or more persons to restrict either production or distribution in order to enhance the price of fuel, without hesitation, shall, take precisely the same action against them as has been taken against the Mine Workers' officers.

4 Men, 4 Women Held for Death of Auto Driver

EL PASO, Texas, Nov. 3.—Officials at Las Cruces, N. M., were investigating today the fatal shooting of John T. Hutchings, automobile race driver, near Lanark, N. M., 16 miles west of here, yesterday by a party of four women and four men, one of them a major in the United States army. The eight are being held at Las Cruces, on charges of murder.

Major F. M. Scanland, one of the eight declared the shooting was accidental. He said they were shooting at a target when Hutchings passed in his car in the El Paso-Phoenix road race.

BOTH SIDES SURE OF VICTORY ON WET-DRY ISSUE

COLUMBUS, O., Nov. 3.—Spokes-

men for both the wets and drys today made pre-election claims to victory at tomorrow's election, at which Ohioans will vote upon repeal of statewide prohibition and other prohibition measures.

Voters tomorrow will be faced with three proposed constitutional amendments and two referendums. Two of the amendments and both referendums relate to prohibition and were initiated by the wets. The other amendment would provide for classification of property for taxation. Following are the prohibition measures to be voted upon.

1—Proposed constitutional amendment providing for the repeal of state-wide prohibition and re-establishment of the license system.

2—Proposed constitutional amendment defining intoxicating liquor as that containing more than 2.75 per cent alcohol "by weight."

3—Referendum on action of Ohio legislature in ratifying the federal prohibition amendment.

4—Referendum on the Crabbe state-wide prohibition enforcement bill passed by last legislature.

James A. White, manager of the Ohio Dry Federation predicted majorities totalling 100,000 for the drys, while L. H. Gibson, manager of the Ohio Home Rule association forecasted triumph for the wets on all four proposals, declaring that the Crabbe bill referendum would be "snowed under."

Much interest centers in the Ohio election tomorrow, as this is the only state voting upon state-wide prohibition this fall. To date Ohio is the biggest state having voted prohibition. The effort to repeal prohibition, adopted by the voters a year ago by a 25,000 majority comes after less than six months of the dry regime, as prohibition did not go into effect until May 27th this year.

Because of the interest shown in the taxation and prohibition, a big vote is expected tomorrow.

JANITOR ATTEMPTS SUICIDE

LANCASTER, Nov. 3.—Hacking his head and face with a hatchet in attempt to commit suicide, James Bloom, 55, school janitor, is in serious condition at the city hospital. Bloom was found by his wife in an outbuilding Sunday evening.

ROTARIANS LEARN OF BUILDING AND LOAN ASSOCIATIONS

John W. Roby Tells Of Work Being Done By These Institutions.

MISS SAGE SPEAKS

Seek Aid Of Club To Further Plans of Y. W. C. A.

Rotarians and guests enjoyed an interesting address at the noon-day luncheon, Monday, by John W. Roby on the subject of "Building and Loan Association." Mr. Roby who has been actively connected with building and loan companies for many years defined the importance of these institutions to the community. He called attention to the fact that there are more prominent in Ohio than in any other part of the world the "outs" of the building and loan companies on Ohio are getting over \$100,000,000 and more than \$100,000,000 in Lima. The Y. W. C. A. in Lima has been such that it has borrowed the money offered in Lima is a financial aid in any community in the country and much more liberal than in many localities. This fact has resulted in great good to the city as Lima may have a larger percentage of home owners than any other city in Ohio.

Woman Addresses Club
Pauline L. Sage, of New York, secretary of the field work for the Y. W. C. A., gave a brief address to the club calling attention to the work being accomplished in Lima through the Y. W. C. A. Her address was in the Y. W. C. A. building where at least 200 girls gathered during the luncheon. She stated the work that has been carried on from war work and that the work will continue until the end of January, 1919, and it is desired to continue in the present quarter for the next two years but funds could have to be provided. The speaker's address was accorded a most hearty reception, and expression of support of the work given.

The music program was furnished by Mrs. Ralph Austin, soloist who was heartily cheered.

Rotarian Fred Hubbard of Ottawa gave a brief review of the situation stating that the condition will soon be improved.

PLANTS RUNNING NORMAL CAPACITY

The steel industry of Lima has returned to their normal capacity from the emergency of the war. A statement was given by the local steel industry that the city Monday morning. The plants are running at normal capacity and are expected to continue to do so for some time.

Medics To Hear Cancer Expert

Dr. Chas. Moore of Toledo, specialist in cancer, will be the principal speaker at the regular meeting of the Allen County Medical Society to be held Tuesday evening at 8 o'clock at Memorial hall. Dr. Moore has been making a thorough study of his subject and has spoken before a number of medical societies within the past few months on "The Control of Cancer." He is coming here under the auspices of the committee on Control of Cancer, Ohio State Medical Association.

NO RELIEF FOR COKE SHORTAGE

No definite information can be given as to when the sale of coke to local consumers will be continued, according to the statement of F. G. Borges, of the Solar Refining Co., Monday. Contracts covering all the present production necessitate the present action he said, until more coal is in sight, the condition cannot be expected to improve.

Vote For Only Three Candidates For School Board

When you enter the booth Tuesday to exercise your sovereign right of suffrage, be careful about casting your ballot for members of the board of education and other ballots calling for the election of two or more men to be selected from a given list, for if you mark your "X" opposite more than the allotted number your ballot will be thrown out.

This bit of advice is to be especially read by the women voters who are taking their first trip to the polls Tuesday. REMEMBER: Vote for only three men on the Board of Education, and for 15 on the Commission Form of Government, if you favor it. Otherwise your vote will go for naught.

TAX SLACKERS BETTER BEWARE

If you are an income tax slacker, beware! Better pay up now or you may be in hot water with the next few weeks. The local income tax collector, S. H. Hare, is preparing a list of persons who have filed income tax returns in accordance with the law. In many places, the collectors are going to post the list of names of persons who have paid up in the lobby of the postoffice so that anyone may view them. If you are not on the list, look out!

This move will not be made here, however, as the Lima people have been pretty careful to pay what they owe. However, there are a few persons who are known as income tax slackers, and it was the idea of running them down that congress had in view when it enacted the legislation providing for the publication of the list in some prominent places and duplicate copies to be kept in the income revenue office.

Body Will Arrive in Lima Tuesday

The body of Edward S. McGinnis, a prominent local man who died at Phoenix, Arizona, will arrive in Lima on Tuesday afternoon. No funeral services will be held until the arrival of the body. His brother, Capt. McGinnis, of the O'Connor McGinnis, is the most prominent relative. The deceased left Lima about a year ago for the west and settled in Phoenix.

Catholic Churches Observe Feast Day

The feast of All Souls, one of the most important feasts of the year, although not a holy day of obligation, was celebrated in all of the Catholic churches in the city Monday. This is the only other day of the year with the exception of Christmas, of the feast of the Nativity that celebration has the privilege of celebrating the masses. This first day is in memory of all departed relatives and friends of the living and requiem masses were celebrated at St. Rose, St. Gerard's and St. John's churches, and the chapel of St. Rita's hospital.

INSPECTION COMPLETE

State Inspector Department of Public Health, Department of Public Health, has completed his inspection of the Lima State Hospital and returned to Columbus. A report of his visit here will probably be made in a few days.

SURETY FUNDS COWS

Seven Bays has in his possession two red heifers with white spots and one black heifer with white spots. The owner of this may have some by applying it to his out, in the city.

STILL FOR \$150

B. W. Paves, of Columbus, is in the city Monday. The plaintiff claims that amount on an unpaid promissory note signed by Paves.

LADIES, A. R.

The ladies of the G. A. R. will meet in regular session at Memorial Hall tonight at 7:30. All members are urged to be present.

This Means You

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels but also cleanse the system.

ELKS' PARADE TO BE HELD TONIGHT

Event Had To Be Postponed Owing To Weather Saturday Night.

Unless the weather is again extremely unfavorable, the Elks street parade, postponed from Saturday night, on account of rain, will be given at 7 o'clock Monday evening, starting from the Elks' Home at that hour. All Elks and the ladies who are assisting in the work at the big jubilee are urged to be at the Elks' Home by 6:30 o'clock in readiness for the parade. The delay of the parade has given the decorators more time in which to prepare the numerous floats and some very beautiful and gorgeous creations will be seen. Fireworks will again announce the opening of the jubilee and will feature the parade.

Exalted Ruler Jos. T. Kaufman Monday received word from Wapakoneta announcing that the lodge from that city will attend the jubilee on Friday night and that has been designated by the executive committee as "Wapakoneta Night." The decoration will be headed by Harry Kahn, Esquire, of Wapakoneta. Mr. Kahn is a talented singer, the "Al Jolson of Wapakoneta," and a program of songs will be rendered by him with accompaniments by the Lima Elks' band.

"Win My Chum" Week is Held

In connection with the great centenary movement of the Methodist Episcopal church the various branches of the church are springing into activity and putting forth new effort. The financial campaign last year was a complete success, and the year the life service feature is to be "put over" with the same success. "Win My Chum" week is one of the features of the life service program to be observed by every Epworth League chapter in Methodism, the week of November 9 to 16.

Miss Aggie Goodwin, deaconess evangelist, Greenville, Ind., will have charge of the work program. Every young person in Lima is cordially invited to attend and bring their chum with them.

Young Woman Dies After Long Illness

Mr. Clarence L. Davison wife of Guy Davison, 21 years of age and daughter of Mr. and Mrs. Joseph Makin, 304 South Main street died at the home of the parents Sunday morning at 12:00 o'clock following an illness of several years from tuberculosis. She was born December 5, 1895 in Johnstown, Pa. Besides the parents two sisters Mrs. Minnie Schroeder of Lima and Mrs. Margaret Cornish, Delaware and three brothers Harold, Dover, Russell and Merrett at home survive her.

Funeral services will be held at the Makin home Tuesday afternoon at 2 o'clock Rev. Winkert to officiate. Burial will be made in Shawnee cemetery.

BROUGHT HERE FOR BURIAL

The body of Mrs. Catherine Moore who died in Dayton Sunday from pneumonia was accompanied to Lima this afternoon at 4:25 o'clock and taken to the home of Allen Moore, 116 East Eureka street. Funeral services will be held Wednesday morning at 10 o'clock at Calvary Reformed church. Rev. Asplund to officiate. Interment will be made in Woodlawn cemetery.

ADJ. GEN. LAYTON HERE

Adjutant General Layton was in the city Monday and while it is not known definitely what his business is it is presumed he was called to the city on business in connection with the local cavalry troop of the Ohio National Guard.

Ladies! Salute Him!

Doctors say that loosens sore, touchy corns so they lift out.

A noted Cincinnati chemist discovered a new chemical compound and called it "Freezone" and little wonder that it can now be obtained from any drug store for a few cents. You simply apply several drops of the zone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers. No pain, not a bit of soreness, neither when applying freezone or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shelled up and lift off so easy it is wonderful! Seems magical. It works like a charm! Millions of women will hereafter keep a little bottle of the wonderful freezone in their medicine chest.

Have Appointed Campaign Leaders

O. J. Smith, vice president of the Ohio Steel Foundry and F. A. Thomas, manager of the Lima Packing Company have been appointed leaders in the membership campaign to be conducted by the Y. M. C. A. from the night of November 12 to November 13. It will give the workers just 24 hours in which to do their soliciting. Each captain will direct the work of ten teams each with 10 members, and it is hoped to add 500 new members to the association in the one day work when 200 men will be soliciting new members.

REV. COLE TO SPEAK

Rev. Walter D. Cole, pastor of Trinity M. E. Church will address a meeting of the Men's Brotherhood at the Gomer Congregational Church, Tuesday evening.

QUIET SESSION OF COUNCIL EXPECTED

Nothing of vast importance is expected to come before city council which meets in regular session Monday evening, according to a statement made by James Heffer, clerk of the body.

Heffer states, while there is a possibility of the body making a few more cuts in the salaries of various city attaches, it is doubtful. At Monday night's session the ordinances calling for cuts in the salaries, and the elimination of various offices will be given their second reading.

Outside of this, there is nothing important scheduled to come before the body.

October Was Big Month For Navy

The local U. S. Navy recruiting station reports one of the largest enlistments during the month of October, since its opening here last February. During the past month 30 young men enlisted in various

branches of the service, and were sent to waterfronts and training stations. Many more were examined, but were unable to pass the physical tests. The records for June was the largest of any, 38 men having entered the service. W. W. Cook, officer and C. C. Mallett, assistant are in charge of the local station.

Says Husband Does Not Support Her

Alleging that for more than three years he failed to provide for her and their minor child, Lucy McClain filed a petition in common pleas court Monday asking divorce from Ward McClain.

They entered into a separation agreement February 10, 1917, she states, and provided for care of the child. Since then he has failed to make the promised payments, she avers.

She now asks that a decree of divorce be granted and that she be given custody of the child. Doris Fern, 4 years old.

The couple were married February 4, 1915.

SILENCE RED BATTERIES

COPENHAGEN, Nov. 8.—Reports that the Bolshevik batteries in and around Kronstadt and Krasnaya Gorka, on the Gulf of Finland, have been silenced by a bombardment by Allen warships lasting several days, are contained in dispatches to the National Tidende today from Reval.

Heavy explosions are said to have occurred in both the places named, presumably being due to ammunition dumps blowing up.

WEST ENTHUSIASTIC OVER BETTER ROADS SAYS S. M. WILLIAMS

Lima Man Is Touring That
Section in Behalf Of
Roads.

LIMA MUST WAKE UP

Two Mill Levy Proposal Of-
fers Great Oppor-
tunity.

Probably no section of this country realizes the need of good roads as does the west, and every city out there is an enthusiastic booster for this cause, according to communications received from S. M. Williams, of Lima, president of the Federal Highway Council, who is making a tour of the west in behalf of good roads.

When Mr. Williams addresses a gathering in Cincinnati, November 22, he will have been in every state west of the Mississippi river, and delivered talks in all except Idaho. He says, every city in which he has spoken in behalf of good roads, have heartily endorsed his sentiments, and all have agreed to get behind the move and push with all their might. He cited, in the majority of cities, how it is the ambition of many easterners to tour the western country, but owing to the poor condition of the roads

practically all are afraid to attempt it. After telling of the keen interest being displayed over good roads in the west, Mr. Williams said:

MUST WAKE UP

"If Ohio and especially Allen county, does not wake up she will find herself away behind progressive states and cities because good roads are the foundation of prosperity in any community."

Mr. Williams, being an ardent booster of good roads, is without a doubt in favor of the two mill levy for the purpose of road improvement which will be submitted to voters of Allen County at the election Tuesday. According to members of the local council this is the one large opportunity this county has to erect and maintain good roads. If the levy is voted down, councilmen claim, this county will simply have to add the other 65 counties in maintaining their roads, and yet derive no direct benefit from the money expended.

Excellent Opportunity

That this two mill levy proposal is an excellent opportunity for farmers and other rural residents to obtain good roads at a small cost to them, there is not a doubt, is the belief of Joe Hartline, an ardent booster for better highways in Allen county. He cites corporations such as Lima, Delphos, Spencer and Bluffton will pay 60 per cent of the costs of these improvements, while the rural residents will pay the remaining 40 per cent. Yet, not one penny of this money will be spent within a corporation. The man who pays no taxes will not have to contribute one cent toward the improvements, he said. The two mill levy will, in five years, raise a sum approximating a half million dollars, more than \$1,000,000 all of which will be spent to improve roads

throughout the county.

Improve Township Roads

This money will all be spent upon township or county roads. None will be used by inter-county or state roads. However, this money being raised leaves the one mill which is being levied now, to be spent upon state roads, and the state will pay dollar for dollar. It has been shown where heretofore Allen County could not seek state aid because it did not have the money to match that put up by the state. This, however, will be eliminated by the passage of the two mill levy, for money which has heretofore been spent on all the roads will now be confined to state roads, while township roads will be improved by the two mill levy.

Workers for the cause declare there is little probability of the proposal not passing, as a thorough canvass of the county has shown that the majority of residents are in favor of it. Many were against the proposition until it was explained to them, workers declare, but after being enlightened fully upon the matter, all stated they are in favor of the proposal.

As a result little trouble is contemplated in the passage of the proposal when voters cast their ballot at the polls, Tuesday.

AMUSEMENTS

AT THE ORPHEUM

Yank, the greatest canine actor on earth, and the unsolved mystery of the ages, comes to the Orpheum at the matinee this afternoon and the two shows tonight as the headliner extraordinary of the maddest bill of Broadway. Yank is a dog that reads the human mind. As a canine and almost impossible as this may appear, at first thought, nevertheless is a fact and Yank has undergone successfully every test of science and of theory and practice to which dogdom has put him. Yank is owned and well trained and developed by Art Beaumont, who has owned the dog since it was a puppy. Without the slightest exception, Yank performs his remarkable feats of mentality, upon the stage, running about at large in full view of every one. It is the minds of members of the audience which he reads and every facility is provided for doubting Thomases to satisfy themselves and all members of the audience that the act is undoubtedly as it is represented to be. Yank is just a dog, an ordinary looking dog at that, and he reads human mind, and performs other seemingly impossible feats of mentality, and that's all there is to it.

Opening on the bill for the first half of this week are four other splendid attractions. Featured for the entire week, is the musical extravaganza of pure joy, "The Tip Top Merry Makers," featuring, in addition to the chorus of gorgeous singing and dancing beauties, Al Coleman, the comical; Al Lemons, "dancing demon," and lovely Jewell

Shaw, one of the greatest so-brettes ever seen here. The extravaganza for the first half of the week will be "The Honeymoon Cruise." There will be special scenery, gorgeous costumes, special stage settings and novel electrical effects.

FAUROT—"OH! MY DEAR!"

Written, staged, costumed and produced under the same high standards which have made all New York Princess Theatre productions notable the country over, "Oh, My Dear," the sixth Princess Theatre musical comedy, presented by F. Ray Comstock and William Elliott, which comes to the Faurot next Friday night, should be welcomed by all who love the theatre at its best. Brilliant wit and sparkling comedy have been tastefully combined by Guy Bolton and P. G. Wodehouse, who made the book and lyrics; and the melodies of Louis A. Hirsch are not of the kind easily forgotten. The chorus consists of unusually dainty young girls with rare ability in song and dance, and the cast includes many favorites, among whom may be mentioned Estaire Kere, Mildred Donnelly, Rolin Grimes, Spencer Charless, Wayne Nunn, Olive Sheely, Earl Reading, Martha Wright, Del Marie and Miss Helen Frances.

FAUROT—"THE FIRING LINE"

Irene Castle seems well-suited to the interpretation of the leading character in "The Firing Line," the Paramount-Artcraft special at the Faurot, and her charms of movement are well depicted in this Paramount-Artcraft Special. She adds more than one personal attraction to the careful illustration of the Chambers novel, but the role she is called to assume is hardly one to elicit either sympathy or admiration. It is that of a highly young woman, at one moment concerned about the meetings of the wealthy people who adopted her, but they know of her legitimate marriage, at another indifferent to her feelings when she decides to give herself to a lover, lauded to the skies in a subscription, she displays the characteristics of a very thoughtless, yet a thoroughly selfish woman, accepting favors on every hand and giving little in return, until summoned to nurse the loyal man whose marriage she has nearly destroyed.

The role of the husband in name only, as personated by David Powell, constitutes the nearest approach to genuine human character. It is a role of a man who overcomes his own infatuation and that of the girl in time to save her from herself. The rest of the cast is admirable and the direction carefully preserves the Chambers atmosphere, but it is not drama, and it does not justify that name. The leading values of "The Firing Line" are those of publicity, the fame of Irene Castle, and that of Chambers among

those who like his stories. The screen product comes close to being an exact reproduction of his novel in pictures, and it was so accounted by a attendance at the presentation. Added features of the program include the Pathé News and the Paramount-Briggs comedy, "Skinny, School and Scandal" Last times to night.

RIALTO THEATRE.

Starting To-morrow
DOROTHY PHILLIPS

"PAID IN ADVANCE"

Gripping situations and scenes, masterful dramatic effects and all-star cast—these are the attributes that will go to make "Paid in Advance," the new Universal super-production to be shown at the Rialto Theatre, a picture that will remain in the memory of every motion picture devotee.

The locale of the story is the Canadian Northwest, heart of the fur country, and Dawson City, Klondike, in the stirring days during the gold rush to the Yukon region. James Oliver Curwood, an eminent writer of novels and magazine stories wrote the tale that inspired Allen J. Holubar, director of the production, to transport it from the printed page to the screen.

Little need be said of Mr. Curwood's stories. He is an acknowledged authority on the life in the bleak, white wastes on the north, where he lives a part of each year. He is the only American ever hired by the Canadian Government to make exploring trips in the Canadian north. His stories team with the life he depicts, and the filming of "Paid in Advance" has added to

its brilliancy. With Dorothy Phillips playing the part of Joan Gray, daughter of a Canadian fur trapper, who is lured to the Klondike by promises of wealth with William Stowell playing opposite the star; with Priscilla Dean, a star in her own right, appearing in an important part in this production, nothing is lacking that will make "Paid in Advance" an epic in the world of motion pictures.

LILLIAN GISH AS A CHILD IN "BROKEN BLOSSOMS"

Miss Lillian Gish has again proved her remarkable talent as a screen actress in her performance of Lucy, the child in "Broken Blossoms." D. W. Griffith's art sensation, soon to be shown at the Regent Theatre, in Thomas Burke's story, "The Child and the Child," taken from Lillibridge's "Lucy," the daughter of "Barling Burrows," is supposed to be 12 years old, but with the license of the artistic producer, Mr. Griffith took the liberty of adding three years to her age.

Few who see her performances as

Lucy will forget that tragic moment when at her bullying, father's command she tries to push her way into the semblance of a smile. Griffith declares that this was purely involuntary piece of acting for when, during the photography of the first scene of cruelty between her father and herself and she was all in very real tears, he suggested as director, that she smile through her tears.

She was so wrought up over the scene that she tried to smile, but could not, and then, quite naturally and without thought of artifice, she with trembling fingers tried to push up the corners of her lips. It was so pathetic and human a gesture that Mr. Griffith at once realized its value and it remains one of the striking notes of the performance in this moving "tale of loves and tears."

Many flowers will almost instantly upon being picked, but these may be restored to their pristine glory in a half hour or less by immersing their stems in hot water to which has been added alcohol.

Suppose, today, for the first time in the world
a rose bloomed in Lima

—No one had ever seen a rose before today. Can you imagine how the beauties of this new wonder would be flushed around the world?

—Imagine if for the first time an airplane flew over Lima, and one had ever heard of the possibility before, and you saw it for the first time today.

Something just as wonderful has happened
in Lima—do you know about it?

—Europe says America never will be a great nation until she develops beauty. art. Our stage plays, they say, go no farther than America, our books are read only by Americans; only one American art is supreme around the world.

—This art, this new budding vase that critics—literary, dramatic and of the arts—have so proclaimed, is "Broken Blossoms," in the presentation of which are welded together painting, photography, the dramatic stage and music.

"Broken Blossoms" over night has become
the art sensation of the United States

—Voices cry to you from the mouth of beauty, silver shadows, symphonic voices from orchestra pit, Russian Balalaika springs sighing Oriental love from the wings, the weird, strong twangs of music from Chinese temples.

—Voices of all nations. And for all this a cry of thanksgiving that their search for beauty has been gratified.

—All are happy. For, as Robert Louis Stevenson said, "The greatest happiness is the heart's happiness of tears."

—This happiness is found in "Broken Blossoms." It is D. W. Griffith's great production starting at the Regent Theatre tomorrow.

A Last Word to DEMOCRATS OF LIMA

Before the Election Tomorrow:

Two years ago you unselfishly helped the Republicans elect Bailiss Simpson in order to drive away the menace of Ed Blankism.

This year you nominated Frank A. Burkhardt, a good, clean, fair citizen, whose record is without blemish. You have every reason to support him and we know you will do so.

Never before have Democrats gone right up to an election with such a solid front. The party is solidly for Burkhardt and the ticket.

But There Is One Thing More:

The Republican Voters Owe It to Us to RETURN THE FAVOR

TURN ABOUT IS FAIR PLAY!

The republican organization has belittled the fair claim of the democrats, that in return for our ballots two years ago, republicans should vote for our candidate this year.

Republican voters, however want to be fair. The organization is but a small part of the republican army, remember that. See your republican friends and call their attention to the fact that they owe it to us to support our candidate this year.

The great majority of republicans are fair; they are not out to hog it all; the gang wants it all every year. You owe it to yourself and to the democratic party to make at least one vote, besides your own, for Burkhardt.

As it stands, Burkhardt will win. Your help will do much to make the majority larger.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

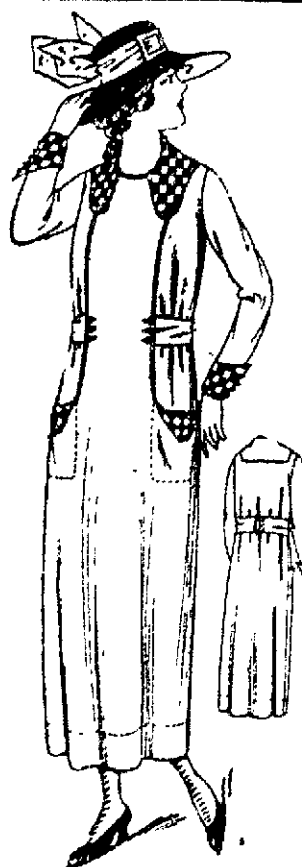

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics, are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

NEW CLUB ROOMS

A very enthusiastic meeting of the girl employees of the Kroger store was held Saturday evening in the new recreation rooms at the store, at which time a social club was organized. The activities of this club will embrace many features of interest to the young women. Officers elected for the coming quarter are Miss Louise Fisher, president; Miss Irene Walther, secretary; and Miss Gertrude Connel, treasurer. The motto of the club is "I DO".

The Kroger company has completely furnished four spacious rooms for the club, the living room being especially pleasing with its walls of soft gray and handsome wicker furniture. The club plans to meet weekly, and later there will be domestic science and military classes formed. At the conclusion of the meeting the club extended a vote of thanks to Mr. A. N. Tatum, manager, for his generous contribution to their treasury.

The Poinsetta Club will meet for reorganization Thursday at the home of Mrs. Tom Cozart, of Holland Avenue.

MASQUERADE AND WEINER ROAST

Last Thursday evening, members of the L. A. to B. of R. T. masqueraded and journeyed to the home of Mr. and Mrs. Boyd Cooksey, of East Albert street, where they surprised them. A weiner roast was the form of amusement, indulged in.

Bert Dorsey and Miss Fowler of Ft. Wayne motored to Lima and were over Sunday guests of Miss Florence Dorsey, of the Kalb apartments.

Mrs. E. W. Castle, of Garfield, New Jersey, Mrs. A. V. Wollett, Hollywood, California; and Mrs. Ida Boebe Mt. Gilred, are guests at the home of their brother, W. S. Johnson, of Richie avenue.

SHE MARRIED AN AVERAGE MAN

I have been happily playing house, me an unmarried girl, invited for sewing, cooking, entertaining a few of my Centerville neighbors. In short, enjoying the blissful novelty of being "just a wife." It's rather wonderful for a girl who has always been a slave to business hours to lie back against the luxury of leisure for a little. To go for walks. To potter over the marketing. All the things a business girl cannot do, and longs to do!

Today I accepted an invitation to Mrs. Wyeth's luncheon. The guest of honor was a woman from New York, who with a son of college boy age, is visiting the Wyeths.

I have never met a woman of her type before. I wonder if she is a true type, whether the "New York idea" is represented fittingly in her.

Her son, a stripling of nineteen, was conspicuously attentive. It puzzled me. I supposed he thought

LXXII—A CHANCE SHOT SHOT COMES HOME

The Franklin Lamars had already heard of Paul's imminent departure, or war were profuse in their expressions of commendation.

"That's the spunkiest thing to do," declared Mr. Lamar. "By gad, if I were twenty years younger, you couldn't hold me. Arnt you proud of your husband, Mrs. Tindall?"

"Enormously," I replied sweetly. "And secretly amazed, I'd not more than an idea that he contemplated such a thing."

"You're a courageous little wife," he declared with conviction. "Lots of fool women would be weeping all over the place and making everybody else feel like the dickens."

Mrs. Lamar made no effort to conceal the broad smile that crossed her countenance at that remark, but her husband went on with heavy gallantry:

"Well, we'll see that you don't lack for diversion. I'll attend to it personally that your wife is contented, how's that, eh Tindall?"

Not if Mrs. Lamar has anything to do with it, you won't. I said to myself with an inward chuckle, catching sight of that lady's quick compressed lips.

"How nice of you," I returned lightly. "You've always so much life about your house, with Mrs. Lamar. By the by, where is she tonight?"

"She's dining with Mr. Manning," replied her sister-in-law with pure satisfaction.

"Really?" I echoed in well-timed surprise. "I had tea with him this afternoon and he didn't mention that he was anticipating such a charming evening."

"Does Mr. Manning always tell you everything, Mrs. Tindall?" Mrs. Lamar's mock playfulness concealed a real desire for information.

"I really think he does," I replied. "Mr. Manning and I are the oldest and best of friends. I've picked him out for my second husband, you see. He doesn't know it, yet, so you mustn't tell him." I imparted the information with an air of mock secrecy.

Though she understood that it was all jest, I was well aware that Mrs. Lamar did not relish even the entertainment of the idea.

The dinner passed along amazingly—

ly well, despite the fact that Mrs. Lamar and I sheltered our claws with a too thin layer of velvet to have deceived a discerning few. Both Paul and his host were so completely engrossed with business matters, that they did not give the slightest ear to the exchange between the women of the party.

I was well aware that it was unspeakably rude to badger my hostess by flaunting my intimacy with John Manning in her face, but with my usual reckless disregard of what people said about me, I frankly didn't care. It amused me to bait her and I indulged my whim in my mistaken security. I didn't stop to realize what a power for evil she might prove if the opportunity ever arose, nor how imminent that opportunity might be.

I played on the edge of more than one emotional volcano in those days.

"Have you seen Captain Frazier lately?" Mrs. Lamar startled me by asking, while the sweet was being served.

"Last night at the fete," I responded indifferently, plunging a spoon enquiringly into the concoction.

"I wonder if you could tell me?" Mrs. Lamar began hesitantly. "Last Sunday night—you remember I thought I saw you driving with him—well, somewhere, somehow, the rumor came to me that Mrs. Carlton was more of a friend of his than appeared to the casual observer and that last Sunday, she was discovered up at his bungalow—"

"You must excuse me, Mrs. Lamar, I cut her off sharply. Both Mrs. Carlton and Captain Frazier are friends of mine—and I once thought of ours also. I cannot gossip about them."

My hostess flushed at the rebuke and her lips tightened ominously. I knew she was adding one more mark to the score she had to settle with me.

"But what's one score more or less?" I told myself bitterly. "Is the absurd story all over town? Does it lie between Beth Carlton and me to share the disgrace? If reaches him, I may pull out of it yet."

Social Notes

DAFFODIL CLUB

Mrs. Minnie Saltz, was hostess to the members of the Daffodil club Wednesday afternoon at the home of her daughter, Mrs. Fred Stevens. The rooms were daintily suggestive of Hallowe'en and Hallowe'en favors were given each guest. After a business session several delightful readings were given and in a unique contest Mrs. Mabel Pence and Mrs. Augusta Reynolds were awarded the club prizes and Mrs. Mae Steinecker the guest prize.

Mrs. Fred Stevens, Mrs. Hazel Leatherman, and Mrs. Mae Steinecker were guests.

Mrs. Saltz, assisted by Mrs. Stevens and Mrs. Leatherman served a delicious luncheon.

The club will meet in two weeks with Mrs. Mabel Pence, of the Mulholland apartments.

ALTRURIAN CLUB

Mrs. C. E. Lynch, of south Collett street, entertained the members of the Altrurian club, Saturday afternoon, and despite the rainy weather there was a large attendance and the rooms of the house were made so cheerful that the dreariness of the outside world was completely shut out.

The program for the day was unusually interesting each member taking part in the general discussions which were very instructive as well as argumentative.

Lima friends of Miss Kathleen Ledger, only daughter of Mr. and Mrs. Edward Ledger, of Dayton, former well known Lima residents will be interested to learn that Miss Ledger recently entered the novitiate of the Sisters of Charity, at the motherhouse in Cincinnati. Mr. Ledger is one of the officials of the B and O railroad.

Mrs. M. D. Bloom and daughter, Betty Jane, of Richie avenue, have returned to their home after spending the week-end with relatives in Harrod.

PRETTY PARTY

Saturday evening, the Misses Catherine, Jane and Virginia Eddy, of West Market street, were hostesses to a merry party of friends, when they entertained with a Hallowe'en party.

It was a gay little company, assembled, who were all ready to have the times of their lives. Some of the costumes displayed were original and all very clever.

There was a peanut hunt, which was won by Norma Hitz, and the remainder of the evening was spent with games, superintended by Miss Maxine Eddy and Miss Marjory Green.

After an evening of play, the little hostesses lead the way to the dining room, where an artistically arranged table was laid with all good things of the season. A yellow paper mache lantern head was suspended from the chandelier, while yellow and black streamers went forth to the four corners of the room from the center piece. Nut baskets were tied with bows of yellow tulle while at each place there reposed a paper hat.

Guests of this delightful affair were: Jean Butcher, Mildred Sullivan, Elizabeth Green, Charlotte and Katherine Laughlin, Mabel Cowan, Norma Hitz, Elizabeth Reed, Mary Dunlap and Katherine Holland.

MATRONS SOCIETY

The Matrons Society of Market Street Presbyterian church, will meet Tuesday afternoon with Mrs. T. R. Thomas on State street. Assistant hostesses will be Mrs. Morris L. Johnson, Mrs. O. B. Selfridge, Mrs. L. C. Townsend, Mrs. H. R. Buchanan, Mrs. A. L. White, and Mrs. F. B. Douglass.

The ladies are requested to bring thimble and scissors as there will be sewing for the visiting nurse to occupy the afternoon.

KONETA CIRCLE

The Koneta Circle will meet Tuesday afternoon with Mrs. Charles Bliss, of north Charles street.

Miss Alice Hill of Washington, D. C., is the guest of her mother, Mrs. Alice H. Hill, of west Spring street.

MADE PRESIDENT.

Mrs. S. M. Williams, of Lakewood avenue, prominent club woman, was elected president of the Ohio Branch of the Mothers and Parent Teachers Association, which convened in Cincinnati, Saturday.

MEETING POSTPONED.

On account of the illness of the hostess, Mrs. Oliver Steiner, the Monday Knitting club, which was to have met Monday afternoon has been postponed indefinitely.

Miss Marian Crispin, of Findlay, spent the week-end here as a guest at the F. T. Guthbert home, on West Market street.

SOCIAL CIRCLE CLUB

Mrs. L. L. Clements, will entertain the Social Circle at her home, Wednesday afternoon.

ELIZABETH CIRCLE

The Elizabeth Circle of the Market street Presbyterian Church, will meet, Tuesday evening at seven o'clock at the home of Mrs. H. C. Taylor, of West Wayne street.

BUT WHO'D STEAL
"MONKEY MEAT?"

Police believe a burglary was frustrated when Patrolman Dotson discovered three boards piled loose, and an open door, apparently unlocked from the inside at the market house late Saturday night.

The opening is at the part of the market house where a great quantity of army canned goods is stored and police are at a loss to know whether the supposed thieves were frightened away, or whether their soldier instinct just naturally rebelled at carrying "canned willie."

DISMANTLE FORTRESSES

Geneva, Nov. 3.—The Germans have started dismantling the fortresses at Istein, on the Rhine about eight miles north of Basel. The work is being conducted under the supervision of allied officers. The fortress was equipped with long range guns commanding both the German and Swiss shores of the Rhine for a long distance.

CHICAGO ASPIRES
TO BE CREATIONAL
CENTER OF FASHION

Would Supplant Paris In
Styles Origination For
Women.

AMERICA IS LOYAL

To New Movement; Some
New "Dreams" Are of
the Daring Sort.

CHICAGO.—An art fashion movement intended to make Chicago the creational center of designs in women's clothing was inaugurated here with the opening of a big fashion show under the auspices of the Woman's Association of Commerce.

Mildred of fine tastes, who in the past has turned her face toward Paris and New York for design and fashion, can in the future stick up her nose at the ruling "Madame" of the eastern fashion world, according to Mrs. Sophia E. Delaven, president of the Woman's Association of Commerce.

are no longer looking to the eastern world for smart frocks and elaborate evening gowns."

A display depicting artistic creations in women's clothes and showing the evolution of women's styles since the fourteenth century forms a part of the exhibit which is being attended by leading designers from all parts of America.

A flash of silken ankle, a fur turban and an Ermine choker can easily be thrown out of tune by an awkward afternoon frock. And women of the Middlewest and West realize this and are even more alert to the art of blending combinations of color and fabric than those of the east, despite criticisms to the contrary, directors of the show declared.

Newest frocks and suits are displayed by living models, including a number of stage favorites. These forecast that garments of the coming season will be neither tight nor full. Length of the skirt will rest largely with the individual. The demand at present leans to short skirts, the designers declared today.

"The shorter the better," is the way one designer summarized the sentiment. The deep "V" of the evening gown to be a capital "V" during the Chicago Grand Opera season, judging from the latest worn by models today. Designers declared that "V" will not be as deep, however, as in the extreme Parisian gowns. Since the end of hostilities, the evening gown in Paris has become more and more extreme, and now even the Paris shop girls are having their frocks made with "open face" backs, the designers said.

The exhibit displays Chicago creative ability in all garments—from the flimsy, silky lingerie to the Russian Sabie throw. One entire section was devoted to displays by models of diaphanous bodice creations

including snowy cobwebby night gowns, camisoles, envelope chemises and other lingerie of artistic design.

"And do you know — (Mrs. Elizabeth Whitlock, a director of the exhibit lowered her voice) — do you know the women of Chicago and the West spend more money for their lingerie than those of the East?"

**Hop Off Will
Be Made Tuesday**

Machines are being made ready for cross country flight, which starts next Tuesday. The pilots of the Y. M. C. A. Boys Department are rounding into shape for the start of the big, cross country, aeroplane race. Judge Leeson is giving each machine

a careful examination so that all will have an even start. His is also structing each pilot as to the rule and direction of flight.

The event will be closely followed on a 3" ft. map in the Boys' lobby. Big prizes are also in the hands of the judge who will present them to any pilot guiding his machine safely or 10 points. All machines are to leave the ground at 6:00 p. m. Tuesday.

Short History of Men Who Are Candidates on Municipal Ticket.

Short histories of the men who are on the Democratic ticket, in the municipal campaign, tomorrow, are of interest, and the Times presents the following review of the candidates who ask your support on the absolute pledge of BETTER government of Lima:

FRANK A. BURKHARDT

Candidate for Mayor.

Born in Shawnee township 46 years ago. He walked two miles daily to the Cridersville High School from which he graduated. Later he went to Ohio Northern University, at which school he was both a student and tutor.

For about three years he taught school and established libraries in and near Lima. In 1895 a debating club was formed of the following persons: Judge Quail, Judge Klingler, Attorney Axline, and Frank Burkhardt.

In 1895 he was asked to fill a temporary vacancy at the C. H. & D. ticket office and later was named assistant agent. In 1900 he succeeded Jim Burch as Ticket Agent of the L. E. & W. and about two years later was named Joint Agent of the two roads. In 1906 he was made Division Passenger Agent of

the C. L. & M., and also of the Port Wayne-Lima Traction Company. In 1907 the Ohio Electric was formed and he was named District Passenger and Freight Agent with headquarters in Lima. This position he filled until October, 1919.

While railroading he also engaged in real estate business. His first investment was only \$200, but by judicious buying and selling and developing additions he secured some valuable holdings. In partnership with H. M. Dille they purchased the site of the old Hoover ice pond on West Elm at about \$400 per lot. After filling in some 6000 yards of dirt they transformed the place into valuable property. Lots are now valued at \$2500 each. Later Mr. Burkhardt associated with the Elmer D. Webb Co., and several valuable additions were developed.

Burkhardt is an enthusiastic bowler. He was also known as a checker player of repute while with the C. H. & D., and played many games by telegraph with players in other cities. He was Secretary of the Ohio Association at that time.

At times during these years he instructed in mathematics in the Y. M. C. A. night school and also studied the fine arts and during the last ten years he has won over 100 prizes in contests.

ELMER McCLAIN

Candidate for City Solicitor.

McClain worked his way through preparatory and college courses, graduated from Ohio Northern University in 1905, and from the University of Chicago in 1906. Was principal of a first class high school in Indiana 1912 was honor man from the Western Reserve Law School, and was admitted to the Bar. He joined the Progressive party in 1912. When the Democratic party adopted the principles of the Progressives, he aligned himself definitely with the party. In May 1917 he joined the military service as a private and returned from service this spring.

HENRY G. McCREADY

Candidate for President of Council.

Has been a resident of Lima for 17 years. For 11 years has been in the employ of the L. E. & W. railroad as a machinist during which time he has been taken an active part in civic affairs. Served one term in Council and drew the plans for the motorizing of the fire departments, which made possible the erection of two new hose houses on the South and East sides.

J. W. REED

Candidate for Councilman, Fourth Ward.

Worked for the Cleveland Hummating Company and was later made foreman of the Electrical department of the American Ship-building Company. He moved to Lima in 1901 and since that time has been with the Reed Brothers Electrical Company.

C. P. MORRY

Candidate for Councilman, Fifth Ward.

AMERICANIZATION OF ILLITERATES OBJECT OF BILL

Senate Committee Approves Measures Providing for Compulsory Education.

MONEY FOR STATES

Plans For \$12,500,000 Annually, States to Provide Like Sum.

WASHINGTON, D. C., Nov. 3.—

Americanization of the more than 10,000,000 persons in the United States who cannot speak, read or write the English language is to be the object of a bill unanimously reported by the senate committee on education and labor, and which will be pushed vigorously for passage as soon as the legislative situation permits.

The bill is introduced as a result of the recent strike investigation. Convinced that the industrial unrest in the country is aided to a great extent by ignorant foreigners who are easy victims for designing propagandists of all sorts, the committee believes that the bill eventually will be the answer to the present alarming spread of Bolshevism and anarchistic doctrines of all sorts.

Spend \$12,500,000 Annually

The sum of \$5,000,000 is provided for the remainder of this fiscal year to be used and distributed by the department of the interior to educate illiterates. The bill in this manner seeks to solve the controversy that has been going on between the educational bureau of the department of the interior and the naturalization bureau of the department of labor as to which shall handle the Americanization campaign, by charging the former with the duty.

It is provided that of the annual appropriation \$500,000 is to be used for printing and the remainder, after office expenses are deducted, is to be divided among the states in proportion to the number of illiterates in each state as shown by the latest census. The distribution of the money among the various states, however, is subject to the following conditions:

Compulsory Education

1. The state must accept the provisions of the act, authorize appointment of a custodian of the federal funds and authorize its state board of education to co-operate with the federal government.

2. The state must appropriate an amount for Americanization work equal to the amount contributed by the government.

3. The state must require, under penalty, that all citizens between 16 and 21 and all aliens between 16 and 18 "who are illiterate and unable to understand, speak, read or write the English language, to attend classes of instruction for not less than 200 hours per annum until they shall have completed a course specified by the secretary of the interior."

4. The state must also provide, so far as possible, for the education of citizens over 21, or aliens over 18, who are illiterate.

5. The state must submit its rules and regulations annually and must also submit an annual report on its work in this respect.

How Money Is to Be Spent

It is provided that some of the money appropriated under the bill may be used for any purpose other than to pay teachers and supervisors, or for the preparation of directors and supervisors, with the exception of the amount spent for printing and a certain amount for headquarters expense in Washington.

"The theory of the bill," says the committee, "is the process of stimulating the states to adopt compulsory teaching of English to illiterates and to that great body of those in this country that cannot speak, read or write the English language."

ROTTERS ON TRIAL

HERENA, Ark., Nov. 3.—Trial of murder and assault to murder charges against more than 100 negroes for alleged participation in the recent race disturbances near Elaine, a small town in the southern part of this county, was to begin in circuit court here today. Before court opened attorneys for both sides announced they were ready to take up the cases of eighteen defendants during the day.

CELEBRATE IN STORM

PARIS, Nov. 3.—Notwithstanding the snow and cold weather, reports reaching Paris from the provinces say that large crowds attended the ceremonies held Saturday to honor those who died on the battlefield.

In the larger cities numerous associations of wounded veterans participated in the exercises. Wreaths were placed on the graves of American soldiers at Montfaucon.

Mystery Deepens In Vanishing Of a Teacher

CONNEAUT, O., Nov. 3.—Since J. Howard McIntyre, principal of Broad street public school disappeared Friday night, this city is having a mystery craze. All the de-

tails of old mysteries here are being rehearsed, including the recent murder of G. M. Brown, wealthy banker, an aphasia case of four years ago in which a prominent citizen figured and even the sinking of the old Conneaut-Canada car ferry years ago in which thirty lives were lost. All the theories do not go far against the facts in the McIntyre case which are few and simple. Mr.

McIntyre had no enemies so far as can be learned. The circumstances of the appearance here of "a man in a light coat" lead the police to believe he may have had something to do with the disappearance of Mr. McIntyre. The two were seen together early Friday evening.

Fremont, O., Nov. 2, 1919.

School Welfare Assn.

Care Rev. Cecil Franklin, Lima, Ohio.

Informed certain candidates using my name. Taught with Mr. Collins five years. Relations always most cordial. Know of no city in state that has made greater progress educationally than has Lima the past four years.

E. F. Schweickart.

NOTE—In their full page advertisement in Sunday's dailies Messrs. Calvert, Thomas and Jolley submit a list of names of teachers who, they have claimed, left the Central High School within the past four years because of dissatisfaction with the school management. These candidates place the name of E. F. Schweickart at the head of their list. The above telegram received today by Rev. Franklin of the Lima Schools Welfare Association is sufficient evidence of the unreliability of the statements of the "Slate" candidates.

It is sufficient to say that of the teachers named, six have married, and two others will be this year, it has been announced; seven left the schools for war service; the larger number who left accepted positions elsewhere at greatly increased salaries. One has never taught under the present administration and another named in this list, never taught a day in the Lima schools.

THE simplicity that prevails in the design of this season makes their variety all the more engaging. Generally becoming and decidedly

smart is this design with inset vest suitable to development in serge. Pol-
lot with gabardine, rayon, velvet
or broadcloth. The high neck is in-
fished with a large collar, although
this may be omitted or reduced in
size, as fancy dictates. Deep cuffs fin-
ish the two-piece sleeves and there is
a three-piece gathered skirt attached

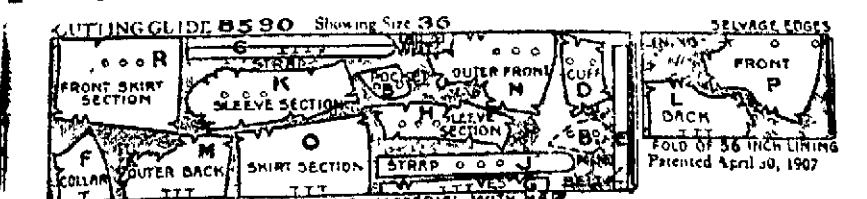

Some of the principal sections of the jacket are seamless, namely the outer back collar, skirt section and vest. All these are arranged on the material so that the triple "T" perforations rest along the length-
wise fold. The front section of the skirt sleeve sections (upper and lower) outer front and cuffs have the large "O" perforations resting along a lengthwise thread of the folds. The lining is then folded in half, the neck of the pattern being placed along the lengthwise fold and the front with large "O" perforations along a lengthwise thread.

To make the lining close the under-
arm and shoulder seams as notched.
Turn hem in front on line of large
"O" perforations which also indicates

center front. Place lining at lower
edges, crossing on slot perforations,
to be joined cup to corresponding
notch on perforations and stitch
close lining to the front edges of

For the outer front and back of the
jacket slash front section and across
the center back of back section be-
tween small "o" perforations, bind
the slashed edges. Slip front and back
sleeves through sleeves "x" inch and
stitch to post on "x" inch sections.

straight lines. The straightline front
is to be the common origin for
conservative women as well as for
those who prefer ultra dressy effects.

Some of the afternoon models are
delightfully quaint. One in a combi-
nation of tricolette and georgette at-
tains a high degree of fashion be-
cause of its unpretentious design. The
long waisted blouse is of self figured
tricolette held in with a little belt of
georgette secured with an artificial
rose. The skirt is formed of a series
of double bands of georgette, applied
without fullness and running from hip
to ankle. The sleeves are short and
cut in one with the blouse, the square
neck is collarless.

A practically indispensable access-
ory to every smart frock is the belt. The
narrow bands of leather which have
been featured on tailored costumes
are repeated in ribbon and metal
bands on dresses for formal wear. A
model in Burundy satin built in
straight line effect is caught in at the
waist with the narrowest band of
gold braid tied in a number of loops
deep at one side. From the hips on
the other side is a deep panel, unstitched
at the top to form pockets but caught
along the edges with a single row of
fine silk braid. About the tops of the
sleeves are little bands of fur. The
neck is round and bound with the
gold braid, while the sleeves are fin-

ished with quaint little puffs of self
material. Some unusually clever
tricks are being turned with puffed
sleeves and long graceful collars this
season. Well might they be classed
among the accessories which express
the best individuality.

Brocades are ultra smart and though
many of the designs are somewhat
showy they are very artistic and
never extreme. The brocades are
used not only for entire costumes,
but in the arrangement of attractive
borders for tunics, collars, sleeves, etc.
A satin brocade in royal blue color
is the upper edge of the skirt looped
in a graceful puff, while the lower
part hangs in plain effect. Caught
about the skirt below the hips is a
satin cord finished with ball fringe.
With the skirt is worn a fichu blouse
with short kimono sleeves and a col-
lar of crisp silk gauze bound with a
bias fold of the brocade. The brocade
sleeves have straight cuffs of the
gauze.

As a border satin brocade appears
to advantage on a dress of pink geor-
gette crepe. The brocade is used in
deep band effect on the lower edge of
the tunic and set above a narrow tucked
fold of georgette.

DEMOCRATIC VICTORY IN LIMA CERTAIN

BURKHARDT'S CLEAN CAMPAIGN GAINS FAVOR OF VOTERS

Steady Progress of Past Week Places Him Away In Lead.

ENTIRE TICKET AHEAD

Citizens Repudiating G. O. P. Machine Made Nominees Headed by Harley.

On the eve of the balloting in the greatest municipal political campaign Lima has ever known, the Democrats of the city are absolutely confident that their ticket will be elected.

Unless every sign in the political atmosphere fails Frank Burkhardt will be an overwhelming majority for Mayor. The clean yet vigorous campaign he has made, the danger of electing a Socialist if he fails, and the utter breakdown of the Republican campaign, all enter into the causes for Burkhardt's steady gains the past week.

So conservative a citizen as Judge William Klinger this morning gave it as his belief that Burkhardt's majority will not be less than 1,000.

Laudick's Estimate
Miller Laudick, chairman of the Democratic city committee who has naturally followed the trend of the campaign closer than any one in the party, this morning, claimed Burkhardt's election by 1,000, Laudick, among other things said:

"Burkhardt has made a very clean campaign, but he has done something few candidates for Mayor have in many years. He has personally visited almost every voter in the city, has laid all his cards on the table and has asked support on merit alone. This will have a big effect in the vote tomorrow, more than men will admit. The balance of the ticket will be elected."

Review of Campaign
A review of the campaign shows that the Republican organization has spent all its time on two things—trying to repeat the Simpson or a Socialist cry of two years ago, and trying to make the voters believe Frank Burkhardt was a tip-up by the Ohio Electric.

Burkhardt came clean with a signed statement that he had resigned from the Ohio Electric, held no connection with it any more than

he did with four other railroads with which he worked by the month, and repudiated the only campaign material the Republicans were able to dig up.

On the other hand every voter in Lima has known that Harley was a machine-made candidate. The Democrats have refrained from throwing mud at him because it is not their method of attack. The gang, on the other hand, came back roasting the Democrats for not assaulting Harley, not understanding that Harley's opposition did not find it necessary to stoop to defeat him.

Harley Machine Made
Everyone knows that Harley is machine-made, that he has played politics with the gang since he became an adult and that is enough.

According to report the gang is going to die hard. Word has been passed around that they would spring a story late tonight that Burkhardt would resign. This, of course, is a plain lie and will be discounted.

Whipped to a frazzle in this campaign, the gang is going to see its last days soon. Republicans who are tired of the constant steam roller tactics of the gang, are going to clean house after this election and when the voters start the downfall of the gang tomorrow with a good kicking for their pet candidate the members of the party from within will finish the job by tossing the gang into the discard.

WHEATLEY TO START HOME NOVEMBER 26

Lima Resident in England Will Sail On That Date.

According to a communication received in Lima Monday morning A. W. Wheatley of this city, who has been touring European countries for some months past, will sail from England on November 26. The communication did not state whether or not Mr. Wheatley's son and bride will accompany him, but it is presumed they will.

In the letter received here, Wheatley tells just how the English folk are rationed by the government. It seems like we have hard times in this country, a glance at the ration allowed the English will expel this thought from your mind. Each person in that country is allowed one ounce of butter, six ounces of meat, 50 cents worth of coal, and a proportionate amount of coal per week. This amount only may be procured and it does not matter how rich or how poor one might be this is all he can get, says Wheatley.

MANY BOYS ATTEND SUNDAY MEETING

The organization meeting of the "Boys' Big Meeting League" was called last Sunday at 2 o'clock in the boys' department of the Y. M. C. A. with 72 boys present. They elected the following officers: Cyril Shappell, president; Robert King, vice president; Charles Schumaker, secretary; and George Reddersen, treasurer. The boys are planning to increase the membership from Sunday to Sunday and at the end of the first ten weeks hold a banquet. Every boy coming for seven Sundays out of the ten and paying his dues will be eligible to the banquet.

Mr. Arthur Daniels, who has charge of the orchestra, was very much encouraged yesterday when eight musicians of the boys' department turned out for the first practice. The boys orchestra will give a concert at 2 p. m. next Sunday following which Mr. L. E. Allison, formerly noted evangelist will talk to the boys on the subject "Purpose and Pep."

Every boy in Lima is urged to attend and will be made welcome to these Sunday afternoon meetings which commence at 2 o'clock. He does not have to be a member of the Y. M. C. A.

ALL LIMA BANKS WILL CLOSE AT NOON TUESDAY ON ACCOUNT LEGAL HOLIDAY. ELECTION DAY.

CHOOSE BURKHARDT OR BOSSISM OR BOLSHEVISM WHICH!

TEN BALLOTS WILL BE HANDED VOTERS AT POLLS TUESDAY

Issues Are More Numerous Than In Years Past.

MANY BOND ISSUES

State Tickets Will Be Counted First, It Is Said.

FACTS OF ELECTION
Polls open at 5:30 a. m., and close at 5:30 p. m.
Voters will be handed ten ballots.

Attaches of polls will be instructed to count state ballots first.
Women will vote on School Board question.
It is anticipated that owing to a large number of issues to be voted upon returns will be late coming in.

When the voter goes to the polls Tuesday to exercise his sovereign right as one of the electors of the nation he will be handed ten ballots. The issues this year are more numerous than ever before.

Everything now points to fair weather Tuesday. The rainy spell has been broken, at least temporarily, and the present cool snap bids fair to continue through Tuesday. The condition of the weather is an important factor in all elections and particularly in this one, as the rural voter, what the dry element weather is depending upon to put their issue across, and inclement weather on election day will keep a greater percentage of the rural vote away from the polls than it will his city brother who only has to go a few blocks, they figure. On the other hand, the proposed classification amendment would be affected in just the opposite manner as this is being fought by the farmers, and sleazy weather on election day will increase the chances of passage.

Bond Issues
In addition to the state issues the Lima voters must either approve or disapprove the expenditure of \$20,000 of the county's money for improvements. Ninety thousand dollars of this is for the construction of a retaining wall for the Ottawa river in Lima. These proposed bridges are to be at Bellefontaine and at East High Street and are to cost \$15,000 each. The other \$5,000 is for the construction of an additional driveway at the county children's home.

In addition to the expenditure for the county, city bond issues aggregating over \$100,000 are to be voted upon. This is for the proposed construction of bridges, and other improvements in the city. Eighty-eight thousand dollars are for the city's share of the expense of paving Main Street from the Pennsylvania railroad to the Ottawa river, while \$18,000 is for the construction of a retaining wall for the Ottawa river and \$12,000 is for the improvement of the North Shore drive along the Ottawa river. A proposed issue of \$6,500 is for the improvement of the sidewalks of the city.

Form of Government
The adoption of a commission form of government is also to go before the voters for approval or disapproval at this time, with a list of candidates for commissioners in case it is adopted and is an issue that will be hotly contested in this election. It is bitterly opposed by the Socialist element.

The majority race in Lima is the most spirited contest on the local tickets. Three parties having a ticket in the field. This contest is being watched with great interest and is becoming more and more a matter of conjecture as the fated day for the decision approaches.

Rural Election Interesting
The election in the smaller towns and municipalities of the county are causing equally as much interest as the election here. Practically all have bond issues before them, and the election of municipal officers is causing widespread interest throughout the county, each of the three parties having practically a full ticket in each municipality.

The school-board election which has been hotly contested all the way through has not waned in interest. This question brought out a record registration of women and it is expected they will show up strong at the polls Tuesday.

Count State Ballots
Instructions to have the vote on statewide proposals counted first on election night has been given by the board of elections.

the Allen county board of elections from Secretary of State Harvey Smith, of Columbus, according to information received today.

"I respectfully urge that your board instruct precinct officials to count first the vote on statewide proposals and that you use every means at your convenience to obtain results in your county and telegraph or telephone the same to this department as early as possible on election night," said Secretary of State Smith.

"I appreciate that you must have the cooperation of your precinct officials to do this and I suggest that you advise them to report to you as soon as possible upon the statewide proposals," continued the state official.

The letter called attention to the fact that there is a statewide demand for the returns on these propositions on election night and the request for an early count was made in view of this.

The board of elections expects to call the attention of the precinct officials to Secretary of State Smith's request when they call for their supplies before election day.

WAR WORKERS WILL ADDRESS MEETING

Plans For Y. W. C. A. Will Be Furthered Monday Night.

At a mass meeting of every man and woman in the city, interested in the Y. W. C. A., welfare work has been called for Monday evening, at 8 o'clock, at the auditorium of Central high school, at which time a national worker, Mrs. Evelyn Hooper, recently returned from overseas, will be the speaker. The purpose of the meeting is to learn whether the people are in favor of maintaining a permanent Y. W. C. A. in Lima.

During the war, the local center was financed by the War Work Council of the National Y. W. C. A., assisted by local help. However, funds which heretofore have been furnished by the war council will cease the first of the year, and the meeting tonight is to decide whether the Lima people realize the work done in the past two and a half years is sufficient to warrant a continuance without the outside financial assistance.

A representative of the following local bodies will attend the meeting: Chamber of Commerce, Lima Municipal Union, Social Service, School Board and Y. M. C. A. Mrs. Mary Alice Finney, a high school worker addressed a gathering of Central high school students this afternoon at 4 o'clock on the same subject.

Police Pick Up Wandering Boys

Three boys from the Allen County Children's Home were arrested by police on South Main street about 1 o'clock Monday morning. They were Edmond White, 11, Cyrus Gratz, 14, and William Irish 13. The boys had left the children's home early Sunday morning, police say, and were wandering about the streets with no place to sleep, they were kept at the police station until morning when officials of the institution came to Lima after them.

RAID STILL IN PORTAGE COUNTY

RAVENNA, Nov. 3.—An underground still in full operation was unearthed by Sheriff J. W. Stevens. The still was concealed in the woods near Palmyra Center, twelve miles from Ravenna.

A quantity of moonshine was confiscated and the plant destroyed. Five men were arrested and have been turned over to federal authorities in Cleveland.

VOTERS SAY IT'S TRUE

Democrats Feel Assured Burkhardt Will Have Big Majority.

All doubts of Lima voters, as to the veracity of the story published in the Times Saturday, that "Cap" Gale, Republican Boss, is to be appointed Postmaster in Lima, if a Republican President is elected in 1920, were dispelled Sunday morning, when the Republican again failed to deny the story.

According to Saturday's Times, Captain McGowan, negro leader of the city, spilled the Republican beans in the presence of Frank Downing, Don C. Henderson, attorney, Colonel William Bell, Frank A. Hume, Nels Nelson, Charles Herbst and Judge William Klinger, who were assembled in the Nelson & Herbst tailoring shop, when he declared that Gale is to receive the endorsement of Postmaster, if a Republican President is elected in 1920.

If the slightest loophole of escape had been offered, the Republican press would immediately have set up a great denial. As the information was given voluntarily by McGowan, who is closely associated with the gang, every avenue was closed. The very fact that Frank Downing, acknowledged brains of Republican machine, was present when the statement was made, lends more weight than ever if one, as clever as Downing, has failed to dig up a repudiation of the story, voters are saying that it is surely true.

This disclosure solves one of the things which has been puzzling the voters since Harley made the statement that he was through with the Clique. Those who know Gale, and the rest of the machine, are fully aware that they would not allow a man, whom they had selected as their candidate, to throw them down, without having a soft spot upon which to light.

However, Lima people are now fully awake to just how unscrupulous the gang is. With the machine mapping out offices a year in advance, with which to recompense their men, the question is being raised, "What has Meheany and the rest of the Gang been promised? With this exposure, together with the many others made by the Democratic committee, Miller Laudick,

Democratic Chairman, made the prediction Monday morning that Burkhardt would carry the city by the largest plurality of any candidate in recent years.

Laudick sees nothing but victory for the entire Democratic ticket, and is confident over the expressions of the voters, which have come to him from the many sources at his disposal. This information is that the entire Republican machine, which has made a football of the city of Lima for the last four years, will be turned out of office, bodily, by the wrath of the voters which has reached its climax, on this the last day before election.

WIFE OF PHYSICIAN BURIED MONDAY

A short prayer service for Mrs. Glenna McGriff, wife of Dr. De Witt T. McGriff, well known Lima physician, who died Saturday night at St. Rita's hospital were held at the Williams and Davis chapel Sunday afternoon at 1:30 o'clock. Rev. Kirk O'Ferrall of Christ Episcopal church officiated. The body was accompanied to West Manchester, where services and burial will take place, Tuesday afternoon.

Mrs. McGriff had been at the hospital but a day, when death resulted following a three days illness from peritonitis. She was 31 years of age at the time of her death, and besides the husband leaves two small children to mourn their mother's death.

The McGriff family had resided at the corner of West and Circular streets for some time, and the deceased had numerous friends in Lima who were grieved to learn of

RALPH LATHAM looked at the household drudge across the breakfast table and wondered what had become of the beautiful girl he had married. Sadly he realized that his own Laura was sitting opposite, but how changed. Arriving at his office he looked about at its modern conveniences, spic and span, and at his trim stenographer, and decided that if Laura could run her house the way he did his business, the roses would soon come back to her cheeks. Little Rose their four year old darling, would be happier too. How he learned the truth, and "the way out," is an "object lesson for husbands."

THE SAMPLE SHOP
L. SCHWARTZ, PROP.
220 N. MAIN—LIMA, O.

At the beginning of a new month, November, The Sample Shop wishes to thank the Buying Public for their generous patronage for the month just ended. We realize that our tremendous success was based on Public Approval—and Public Confidence and we take this opportunity to express our sincere appreciation for the noble support which we have received during Our Great Sale of Necessity. Within the last few weeks thousands of women have purchased our exclusive garments at genuine price reductions.

Knock as they might, competitors have been forced to acknowledge that the attendance at this Sale has exceeded any selling event ever attempted in any Ladies' Ready to wear store in Lima. Only the Square Deal Methods, only the unwavering rules of Honesty and Integrity, we have so stoutly lived up to only the fact that we have completely Out Sold and will continue to do so during the coming month of November, can explain the success of our efforts.

Keep Your Eyes Open

In order to stem the tide of this Remarkable Sale,—other merchants are now crying Sale— and it was just a few weeks ago that these same stores were SENDING OUT THE ALARM—"Beware of Special Sales." They were shouting that merchandise was scarce and would be still higher and that no merchant could afford to sacrifice his fall stock. These last few words were true, and no reliable merchant would sell at a loss unless circumstances necessitated it and everyone knows the disastrous condition that caused the Sample Shop Sale.

—Now with a full understanding of market conditions—Why are some stores trying to attract attention by announcing Fall Sales. We advise the people of Lima to keep their eyes on the "Genuine" Sale—and not be misled by the "Shams."

For this weeks selling you will find the most exclusive, the most desirable styles and materials, ever designed and made into Ladies' Ready to Wear Garments—Styles that reflect the Modes of Paris—and at Pricings that will delight and please you—The choice of America's Best Wearing Apparel waits your early selection.

DELPHOS TO CALL RED CROSS ROLL

DELPHOS, Nov. 3.—Preparations are being made by the local officials of the Red Cross for the Third Red Cross Roll Call. This will be conducted next week, being scheduled to run from November 2 to 11.

This roll call was not conducted in Delphos last year because of the fact that all matters pertaining to the Red Cross, including membership, were taken care of by the Allen county War Chest. It is the intention, however, to "Call the Roll" in Delphos this year as in other places throughout the nation.

If the enthusiasm shown at the meeting of the Community Club Friday evening is an indication, Delphos will have a new industry in the near future.

The committee which had been appointed at a previous meeting to

investigate the proposition of the people who are desirous of locating a rubber plant in Delphos made its report at this time.

A fine mess of green beans was picked from a local garden Saturday. It is rather unusual for this to happen on the first day of November. The vines from which they were taken are still in a flourishing condition and have on them blossoms and beans at all stages of development. If the weather continues as at present, these vines will continue to produce indefinitely. The beans were planted in May.

HOGS AND CATTLE LOWER IN MERCER

CELINA, Nov. 3.—So many public sales have been held in Mercer county this fall that cattle, hogs and livestock in general are not bringing the high prices they commanded

earlier in the season. Farm products are not undergoing marked decrease, it is simply that there is not the demand in this county that there was before the public sales set in with unprecedented vim and vigor.

O. V. Runyon, clerk of the electric light and waterworks plant, reports the collection for this month will be the largest in the history of the plant.

Eighty more families are using water than ever before, and 100 more electric light meters have been added within the last year. Applications have been made for a number of other meters. The greater part of these meters have been placed in new homes recently erected in Celina.

MAY REBUILD OLD MILLERS

MINNEAPOLIS, Minn., Nov. 3—

Along with a report that Mike Kelly may become manager of the Millers next season comes the word that the club will be rebuilt. Several players who finished the

season in the big show are slated for positions on the team. It is known that the Washington club will send several players here, among them being Mike Menoskey, Joe Leonard and Sam Agnew. Menoskey at one time played in the Miller outfield and Leonard also has seen service in the A. A., having played with Kansas City and Columbus. Agnew is a veteran catcher and

probably will share the backstopping duties with "Yip" Owens. Ham Hyatt and Joe Reilly, who played with the Toledo and Minneapolis clubs last season, have written Manager Canillon that they would like to pay with the Millers in 1920 if he can obtain their releases. Both players are dissatisfied with their present positions.

Longer Evenings

ANY PERSON who loves his home will find in the changed time a new effect recently, a certain delight. There is a joy about a long evening at home that is unmatched by any other delight, and we feel sorry for the man who does not know what this joy is. Some people don't believe. Some men, and perhaps some women, know no greater disappointment than to have to stay home all evening. But some men and some women are missing the greatest part of their lives, anyhow.

There is a story about an old man, who on being asked how he spent his time, replied: "Oh, I just sit and think—and sometimes, I just sit!" Such a method might very well be applied at home now and then of an evening.

There are numerous ways of spending the evening at home to advantage—numerous ways—and perhaps no suggestions need be made, as everybody has enough initiative to know how to handle a small problem as employing time for his evenings, though there might be evidence adduced that some people find the matter problematic.

Some men help wash up the evening dishes, they say; some women have pleasant chats with their husbands about other things than what has happened to worry them both during the day, some men play with the children until bedtime, and some mothers join in some folks take all their work and all their worries home and wear them all evening; some don't. Some look upon the evening as a time to drop the cares of the day and to get a glance into the worth-while things, through a little reading or a little music, some consider the evening as only an extension of the day, which they must use to the last smidgen of a minute, or there will be a dollar slip away from them and roll into somebody else's pocket, and maybe start a big fire.

Some persons realize that a life is only a sum of the days that constitute it, and every day counts vitally in the addition. With only the one day given, they make the most of it in work, in play, in joys and in worship.

Some other persons are too shallow minded to understand this theory. But some day they will know more about it, and some day they will be face to face with the very big question of what's-the-use.

God made everything for a purpose, and He had a pretty clear idea about the purpose of evening when He fitted it in so snugly between the day and the night.

Souvenir-Hunting Americans

FRENCH newspapers are condemning souvenir hunting Americans, as it calls them. The papers say that nothing is safe in France, with these Americans prowling about. The most sacred shrines are desecrated, they allege, and the Americans will literally carry off the monuments and works of art if given a chance.

There is something in the complaint. We know enough of the thirst for souvenirs in this country to appreciate the feeling of the French when they encounter Americans helping themselves to anything that is being around loose. Any American hotel can tell you that it costs thousands of dollars annually to replace silverware and table linen carried away as souvenirs—and it requires many guards at such places as Mount Vernon to prevent tourists from destroying the property. There have been bits of marble chipped from the Washington monument in Washington city by the souvenir hunters, and the Capitol itself would be carried away if it were not for the policemen guarding.

All of this is strange to the Europeans. Their monuments and shrines are safe from the natives, for the native never thinks of desecrating anything sacred just to be able to display something in the way of a souvenir. So the French people, while rejoicing in the heaving of the way of curios, are now bitterly complaining that these same purchasing Americans are too busy in securing things to bring home with them.

New York's Egg Breakfasts

SOME of you folk who are always complaining about the high cost of living ought to take time off to sympathize with New York Egg merchants last week quoted "strictly fresh" white shelled ovals at \$1.08 a dozen. Naturally one could have bought eggs of less known vintage but generally speaking, the man at his breakfast is particularly solicitous about the character and good standing of his eggs. Therefore he buys only the freshest.

Some newspaper has figured it out that New York's breakfast eggs one morning during this era of high prices totalled \$518,400. It takes a lot of hens to produce this much of one kind of food and evidently they are high priced and dyed-in-the-wool hens, too.

Various estimates indicate there are in cold storage in the United States, two and one-half billion eggs, a majority of which are in New York. This being true the Metropolis will have its own problem. If it cannot unlock its own warehouses it will have to meet the price.

GOOD EVENING—The trouble with most people is that they are either their own worst enemies or their own best friends.

It begins to look like the poet had brought in his typewriter and was going to use Fiume for a literary resort and even the newspapers have about laid down on the job of starting a war for a few weeks.

When a fellow gets caught out in a rain that drenches him to the skin it is hard for him to feel pleasant about it just because he reads in the paper that the late potato crop in Michigan needs rain.

OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

When Ladydear approached Signor Angelo's chalet with Widow Aar to tell him about the kidnapping of Jack and Jane she didn't notice that a mean-looking man watched her from the corner of a small building nearby. She rapped on the door and it was opened by Sir Donnell Sprigg, one of Signor Angelo's friends.

"I must see Signor Angelo right away," said Ladydear. "Here I am, right here," said Sir Donnell Angelo, ever Sir Sprigg's shadow. And Ladydear knew, more than ever, from the way he said it, that he couldn't possibly have had anything to do with the men who took the children.

As quickly as she could, Ladydear told Signor Angelo the whole story of the kidnapping and showed him the note the men had left at the hotel.

"It is the members of that gang of criminals I helped break up last winter, just as you believed," he said after he had read the note. "They have organized again and are planning this way of getting the children. But I don't care who is responsible. I'm going to see that the children are found if all the money I have the big people I know in Naples and all over Italy and my own efforts can do it. The children would not have been so interested in Italy had I not told them many things about my country, and I feel just as badly as though I was to blame."

For the next hour Signor Angelo, Ladydear and the rest of the folks in the chalet talked over possible ways of finding Jack and Jane. Then it was decided that Signor Angelo and Ladydear would fly back to Naples early in the morning. "I'm sure you would get us there safely," said Signor Angelo, "but I want more time to think the whole thing over before we reach Naples." So it was decided that Ladydear

would spend the night at Widow Aar's. Signor Angelo did not tell Ladydear before she and Widow Aar left the chalet, what he planned to do that night before leaving the Swiss village.

After Ladydear and the Widow Aar had gone, however, Signor Angelo told Sir Sprigg and his friends of his plan. "If the kidnappers are trying to make Captain Brave believe that they ordered them to steal the children, they probably are watching every move I make so that they can keep me from getting back to Naples to help in the search," he said. "Now I'm sure that someone is watching this chalet right now as part of their plan. What I want to do, if you will help me, is to slip out of the chalet and find out if there is any spy about it. There is, we'll hold him here so that he can't go word of what I am doing back to the leaders."

So when it was pitch dark outside the moon had gone down, Ladydear slipped out and Sir Sprigg went down into the part of the chalet where the children were kept, and let them out through a door very quietly.

As they started to look into the shed back of the chalet a man dashed out of the shed and started to run toward the road. Signor Angelo saw him and called to the other men. All ran after him and just as he turned into the road Sir Sprigg caught up to him and grabbed him by the coat. A second later Signor Angelo and the other men reached him and in less than a few minutes had taken him into the chalet and tied him tight with ropes.

AN EARLY OHIO BLIZZARD VICTIM

The father of Wilson Shannon, the fourteenth person to occupy the office of governor of Ohio, and the first native-born governor of the Buckeye State, was a typical frontiersman, and met a tragic fate similar to that which overcame many another adventurous spirit pushing out into this territory when it was on the border of civilization.

He was a settler in Belmont county, where the future governor was born in 1802. In January of the following year the older Shannon went into the forest to hunt. While he was in the woods there came a severe snow storm. It must have been such a storm as we would now call a blizzard. A heavy fall of snow was accompanied by a high wind and rapidly falling thermometer.

The old settler started for his home, but being unable to see his way was soon hopelessly lost and finally sank down in the shelter of a great tree trunk—the only protection from the piercing wind that he could find and there perished. Rescuers who went out in search of him the next morning found his frozen body huddled up at the base of a great maple tree, and his tracks in the snow showed that after the manner of people who are lost in the woods, he had traveled in a circle about the place probably for hours before giving up his struggle.

Thus Wilson Shannon was thrown upon the efforts of a widowed but resourceful mother before he was one year old, but such was her ability to manage the family affairs that she was able to educate him at Ohio university at Athens and later Transylvania college. He studied law under Charles Hammond one of the most prominent lawyers of Ohio of that day. He was elected governor of the state as a Democrat in 1855, defeating Joseph Vance, and two years later was defeated for reelection by Tom Cowan. That he was aggressive is indicated by the fact that two years later he tried for the office again and that time was again successful.

Later he served as U. S. minister to Mexico and as a representative in congress. President Pierce made him governor of the territory of Kansas and he died in that state in 1877 and his body lies buried at Lawrence, Kansas.

WHY ALL SHAVING INSTRUMENTS SHOULD BE SURGICALLY CLEAN

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (John Hopkins University)

Most men shave, and, odd as it may sound, some women. Men use razors, but for woman's use there are a number of chemical compounds which may be more or less injurious to the skin in removing superfluous hairs. It is a sad truth that the pretty faces of some women as well as their necks and arms should be covered with a distinct down which must be removed in order not to distinguish their charms. It is an undoubted fact that handsome women are attractive only when their lips and face are free of all hair.

But the cheek, jaw and lips of a woman must have a growth upon them. It is a sad lament, a man is richer in bad than among his fellows. It cannot grow a beard. Yet he demands that men be clean-shaven.

Is it not strange that the practice of shaving one of the oldest habits of men, should have remained much the same today as it was thousands of years ago? So much is known nowadays about microbes and other parasites which enter the human system and envenom and debauch the blood and body that you must use precautions always.

Yet, it is not so. The practice of shaving is often careless and may save a few faces from blemishes such as pimples, boils, or scabs or itch. The fact that few men succumb to these troubles is less due to management than the ability of the flesh naturally to avoid fouling. The blood and juices, fortunately take care of themselves, except in rare instances.

It is the rare instance, the suffering which comes to weaklings that must be looked to. Everything should be thoroughly disinfected after shaving. If this is not done, men should shave themselves and do their own boiling and cleansing.

A bacteriological examination will show that unclean hands, razors, soap brushes, towels, scissors and combs may contain germs of blood poisoning, be contagious, ringworm and many other ailments.

What good does it do to sterilize a razor? The hands also are not thoroughly washed to get rid of any harmful germs. A preventive is either the use of a rubber glove or the use of a good disinfectant.

PUBLIC STATEMENT OF THE LIMA SCHOOLS WELFARE ASSOCIATION

Prepared and Paid For By Members of the Association

Thoughtful parents and citizens view with alarm the vitriolic attack that has been made upon our present public school administration. This attack, coupled with the prevalent spirit of unrest in the country, threatens the very foundation of our educational organization. It is high time that the unprejudiced citizens of Lima assert themselves in an effort to keep our public schools out of politics and out of the hands of politicians.

Have you ever thought of the schools of Lima as you would think of great business enterprises? Think of them as that light for a moment. Lima school properties are worth in excess of two millions of dollars. The annual running expenses of this great educational enterprise of our municipality fare over \$300,000. Who is in charge of this enterprise? Who is responsible for its smooth running? Who sits at the throttle? The Board of Education? If a business enterprise is being conducted successfully, do the owners of it change the management every new moon? No. Faithful employees, who are making good, are retained. Should not the same rule apply to our huge, municipal educational enterprise? Of course it should.

If the people of Lima are satisfied with the accomplishments of the present regime, then they must vote to defeat the so-called "Slate," composed of Jolley, Calvert and Thomas. If the voters of Lima feel that the schools are in good shape, then they certainly will want to keep in power the present administration.

For whom shall those who are in the belief that the schools are in good shape vote? Certainly not for Jolley, Calvert or Thomas. Nor the three Socialist candidates. There are men, openminded, broad, pledged to no book corporation or political clique, who are candidates for positions on the Board of Education. These men are:

Frank Mullenhour, Rep. James W. Gensel, Dem.
C. E. Stiles, Rep. Elvin D. Arnold, Dem.

(Vote for any three)

By so doing you will remove the schools of Lima for the next four years from the fetid atmosphere of machine politics and petty machinations.

The members of The Lima Schools Welfare Association believe that the schools should be kept out of politics; we believe that the test in deciding who should be in charge of our boys and girls in the school room should be efficiency; we believe that the people of the city should not lend encouragement to those who would disrupt the schools because of malice and personal prejudice; we believe that the schools should be conducted to the interests of the children of Lima, and not to suit any clique of dissatisfied individuals who place their own aspirations above the welfare of our children.

For the reasons enumerated we have seen fit to announce to the public our convictions in this vital matter.

RAIN INTERFERES WITH SUNDAY GAME

No Game in Lima Yesterday South Hi Plays Scoreless Game, While Central Wins.

It's as hard a matter to dope. We mean this stunt that the weather man has pulled two Sunday running upon the Costello's All-Stars. If he doesn't enjoy football, himself, we simply can't figure why he wants to play dog in the manager ad kill the joy of every other fan in Lima, by upsetting the sprinkling can so the gridgers have to postpone the games. Yesterday Columbus Grove was to try its brains and brawn against the local aggregation, but J. Pluv was having too much sport waving the sprinkling can promiscuously, and as a result the game was called off.

This is two Sundays now that this has happened. Local fans are getting enough of this kind of treatment, and are about to issue an ultimatum to the weather heads. If the men who pull the rain and sun levers are willing next Sunday the Columbus Grove outfit will be here and then we will have an opportunity of seeing what kind of a team Mr. Costello will put on the field.

While yesterday was a very pretty day, the grounds at Murphy street ball park resembled some of the lot's larger city real estate men sell to speculators. In other words most of it was under water.

Play Scoreless Game. South Hi. Saturday displayed a few of its wares never before shown, and as a result the game between the locals and Van Wert went four quarters without the ball being placed between the goal posts. Both aggregations were very evenly matched and the most of the play was done in the center of the field.

Central Hi Wins. Central Hi, however, did even better than their southern brothers, for besides holding Bowling Green scoreless, they succeeded in producing six tallies. The College field Saturday was very heavy, and it kept either side from getting into a few tallies.

With the Trotters

The greatest argument for the new rule proposed by Secretary Gocher, of the National Trotting Association, whereby race records would be removed as bars after three seasons of racing, allowing horses to "start over" without penalty, is the annual crop of ringers. The 1919 sensation is the development that the pacer, Peter Scoopum, that won a lot of races over Eastern half-mile tracks, is none other than the pacer, Little Prince 2:04. The horse was campaigned by a man who gave him the name as George Richards, of Wisconsin, and he made a clean-up. A well known turf paper vouches for the information and has traced up the connection between the two horses. Ringing would be unnecessary if the new rule was adopted and at the same time race meetings would get a plentiful supply of horses, while owners would feel more like buying horses, since their value would be exactly doubled.

Grace Direct 2:06 1/2, the pacing daughter of Walter Direct 2:05 1/2, made the best campaign of the season, having won no less than fourteen races, including several Grand Circuit victories. The mare, which is owned by Mayor W. H. Foster, of South Bend, Indiana, started racing at Findlay, the last week in May, where she electrified the spectators by stepping a heat in 2:06 1/2 and wound up her long season at Atlanta, proving that a horse can race from early to late, even in these days of fast stepping.

W. M. Tolley, of Columbia, Tenn., who brought out Grace Direct and sold her to Mayor Foster, turned up at the Atlanta Grand Circuit meeting with another Walter Direct mare, called Little Direct 2:13 1/2, with which he won. He stepped her a mile in 2:06 and now the Grand Circuit scouts are after her. Grace Direct's showing at Atlanta led to her last winter and history may repeat itself for Mr. Tolley, who is a widely known Tennessee breeder of pacers.

RUTH PLANS FOR WINTER BASEBALL

Boston's Great Player Expects to Engage in Pastime on Coast.

NEW YORK, Nov. 3.—Babe Ruth has Harry Frazee, president of the Boston Red Sox, worried. Ruth has lost out in his effort to get into the movies on the coast but he has signed to play on the infield for the Vernon Winter league team in California. Frazee is afraid Ruth will get hurt and that his big drawing card will suffer for next season.

Frazee intends to make Ruth stand by his \$10,000 a year contract. Ruth in 1919 pulled down \$15,000. After Ruth's wonderful showing in the "Babe Ruth" game for \$5000 as a bonus. No doubt if he makes as good next season the game's greatest drawing card will get another additional slice.

With The Boxers

Dominic Tortorich, New Orleans promoter, is rapidly placing himself in a rather mean position with boxers of note. Recently he has been making efforts to match some of the best bantams in the business, but evidently has failed.

According to the manager of Joe Lynch, Tortorich has failed to complete the deals because of his insistence that he be allowed to cut in for ten per cent of the earnings of all boxers he has approached. And when Dominic finds a boxer willing to kick in with a dollar or every ten

he earns, then we're going to sell onions as roses.

Billy is Peevish. Billy Gibson, manager of Benny Leonard is indignant. A Philadelphia scribe recently allowed that as Benny is getting too heavy for his class he is to retire. Now Billy says Benny has been slandered. "We are ready to meet any man in the country at 135 pounds at 3 o'clock," declares Gibson. The question many folks would like to have answered is why Benny doesn't make 133 pounds when the title is involved, as did Freddy Welsh, Wolgast, Ritchie, McAuliffe, Gans and others.

That a True Democracy Is the Ideal Form of Government

Is the Consensus of Intelligent Opinion Best Expressed In the Words
of the Immortal Lincoln

"OF THE PEOPLE--BY THE PEOPLE--FOR THE PEOPLE"

Any Form of Government Which Does Not Originate With the People to be Governed—Which is Not Controlled by the People—or Which is Not Administered in the Interests of the People

"Ought To Perish From The Earth"

The Commission-Manager Form of Government

will be presented to you for acceptance or rejection

THINK! -- THINK!

The Commission-Manager Form of Government

The Charter by which the people are to be governed, is to be made by THE PEOPLE. (Look at the names) and not a cheap antiquated, hand-me down, cumbersome, inefficient, make-shift form of government.

THE CHARTER WILL PROVIDE that the government will be placed in the hands of five men, carefully selected, and representing every group of citizens—selected by reason of their fitness to transact the business of the city.

THE CHARTER WILL PROVIDE that these five men, select an expert in things pertaining to city business. Employ him only so long as he "makes good."

THE CHARTER WILL PROVIDE that the Commissioners themselves may be recalled by the people—within NINETY DAYS.

THE CHARTER WILL PROVIDE for the Referendum, that the people may have some recourse if it is attempted to over-ride them.

THE CHARTER WILL PROVIDE for the Initiative, so that the people may exercise the right to initiate laws.

Hear the Evidence

More than ONE HUNDRED AND FORTY CITIES in this country have adopted this plan—their unanimous verdict is that "It is a vast improvement" over the old form. The best evidence of their sincerity is found in the fact that not one of them has gone back to the old form. These hundreds of thousands of intelligent citizens—are very significant.

The Commission-Manager Form of Government—is opposed by—WHO? ALL PIE-LOVING POLITICIANS, and also by that gang called SOCIALISTS—The spawn of Hell; the result of the illicit union of Anarchy, and laziness. True—"Politics (OR RATHER PIE) makes strange bed-fellows." You can't preserve an untarnished Americanism, and line up with them.

Do the people owe the politicians anything? Does this country owe the Socialists anything? YES—and some time, sooner or later—this country IS GOING TO PAY THE SOCIALISTS.

A GOOD CITIZEN—wants, and votes for the measures that will accomplish the greatest good, for the greatest number.

YOUR DUTY IS CLEAR—Vote for The Commission-Manager Form of Government, and give LIMA an opportunity to work out her splendid destiny.

Special Election Ticket

Shall a Commission be chosen to frame a charter.

X YES.

The names will rotate. Place your X before the word "Yes" at the top of the ballot. Then carefully pick out the names marked with an X on this ballot, and place your X mark before their names on the ballot handed you at your voting booth. Be careful to pick out the names, and to put your X before them. The names will rotate on the ballot.

The Federal Form of Government

IS SO COMPLICATED, and cumbersome, that only a politician can understand why it has survived.

HAS RESULTED (our enemies themselves being judges) in killing the best that is in men. Read the partisan papers for the last few weeks. See what each party says of the other. You will learn just how wise, patriotic, and efficient political parties have been in this city.

HAS BEEN WASTEFUL—Read the papers, and see.

HAS BEEN INEFFICIENT—Read the papers, and see.

SELFISH—Read the papers and see.

IT IS THE COMMON GROUND UPON WHICH ALL POLITICIANS MEET—WHY? Because it was originated by them. Is, and always was administered by them, and in their interests ONLY.

Swedenborg said:—"When the Saints come around, the Devils stuff cotton in their noses—because the odor of piety makes them deathly sick"—Ask any politician, any Partisan newspaper, any Socialist.

The people, the REAL PEOPLE—use one of three qualifying adjectives to describe the Federal Form of Government—

Bad - Worse - Worst

All the political parties use one of these adjectives when they describe the other—BE SURE TO READ THE PAPERS TODAY, and you will find that in one thing we all agree—namely that no party has any right to expect the support of the public, when it comes to control of the affairs of the city.

Are you tired of the periodical MUD-FEST?

There Is A Remedy!

BE SURE TO GET A BALLOT AT YOUR VOTING BOOTH THEN BE SURE TO PLACE YOUR X BEFORE THE NAMES OF OUR CANDIDATES--HELP TO WIN THIS FIGHT!

"THE CITIZENS COMMITTEE OF 200."
KENT W. HUGHES, Chairman.
